Forecast For Wales
Issued by Met Office Exeter
at 0400 on Tuesday 08 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A dry, warm day, with plenty of sunshine throughout.

Today:
Any overnight fog patches soon clear, as skies brighten through the morning across the country. Staying dry, and feeling warm in the sunshine. Breezy along western coasts. Maximum temperature 22 deg C (72 deg F).

Tonight:
Bright skies this evening, with clear skies overnight. Cloud approaching from the west, bringing drizzle to western coasts by dawn. Fog patches developing in prone areas. Chilly in rural spots. Minimum temperature 5 deg C (41 deg F).

Wednesday:
Cloud continuing to spread across the country, causing overnight fog to linger. Drizzle through the day in western areas, though feeling warm throughout, with sunny spells further east. Becoming breezy. Maximum temperature 22 deg C (72 deg F).

Outlook for Thursday to Saturday:
Rather cloudy on Thursday and Friday, with continued patchy rain, but drier in the east. Dry and bright on Saturday. Continued overnight fog likely in prone areas. Feeling warm throughout.
